Edmonton

About us:

Established in 1988, AFP - Edmonton is a member-based not for profit association serving the needs of treasury and finance professionals

from private and public sector companies in Edmonton and surrounding communities.

We offer members relevant education, networking, and speaker events that provide a forum for the exchange of knowledge, experiences, ideas, and creative solutions to the daily and future challenges facing finance, cash management, banking, treasury, and risk management professionals.

Many of our events qualify for CPA and CTP CE Credits.

Affiliation:

AFP - Edmonton is distinct from, but affiliated with, the Association for Financial Professionals (AFP). AFP is the preferred global resource and advocate for financial professionals.

Its mandate is to raise the stature and visibility of its members, by offering them a proven brand of products and services.

AFP established and administers the Certified Treasury Professional (CTP) and Certified Corporate FP&A Professional (FP&A) credentials, which set standards of excellence in finance. (www.afponline.org)
